

AccuShoot APP - Mobile

# Your Training. In Your Pocket.

## The Mobile Companion to the AccuShoot FX Ecosystem

The AccuShoot Mobile App brings the power of the AccuShoot FX Ecosystem wherever you go.

Whether you're training at an AccuShoot-enabled range, reviewing yesterday's practice, checking your rankings, or managing your firearms, the app keeps you connected to your entire shooting history from your iPhone. The mobile app synchronizes seamlessly with AccuShoot.com, ensuring your data is always available—at the range, on the road, or at home.

## One Scan. You're Ready to Train.

### Instant QR Range Login

No usernames.

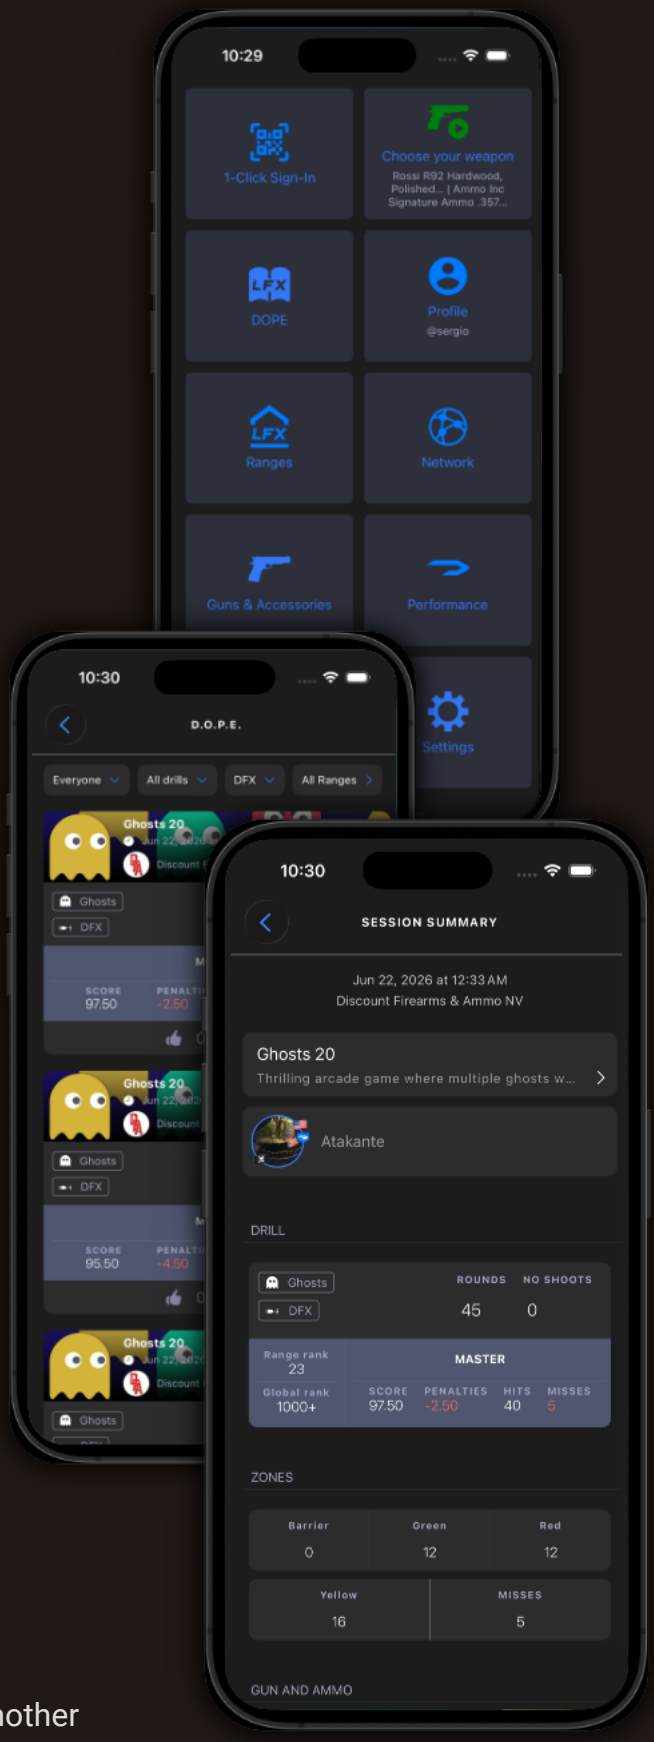

No passwords.

No waiting.

Simply scan the QR code displayed at any participating AccuShoot range and you're instantly signed in to your personal profile.

Your drills, preferences, firearms, performance history, and statistics are immediately available, allowing you to begin training in seconds.

When your session is complete, everything is automatically synchronized with your account.

## Every Session, Always With You

Review your complete shooting history anytime.

The app gives you immediate access to:

- ✔ Training sessions
- ✔ Shot locations
- ✔ Group analysis
- ✔ Accuracy statistics
- ✔ Drill performance
- ✔ Digital D.O.P.E.
- ✔ Historical progress
- ✔ Personal records

Whether your session was conducted using LFX, DFX, or another AccuShoot platform, your results are always just a tap away.

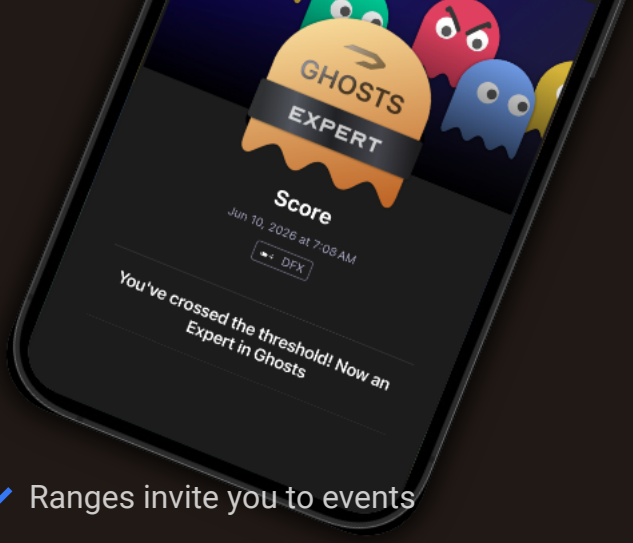

## Smart Notifications

Stay connected to your training.

Receive notifications when:

- ✔ Friends share new sessions
- ✔ New achievements are unlocked
- ✔ Leaderboards change
- ✔ New drills become available
- ✔ Ranges invite you to events
- ✔ Training reminders are scheduled
- ✔ Product updates and new features are released

The app keeps you informed without requiring you to constantly check your account.

# Your Entire Shooting Ecosystem. Anywhere.

## Digital Locker

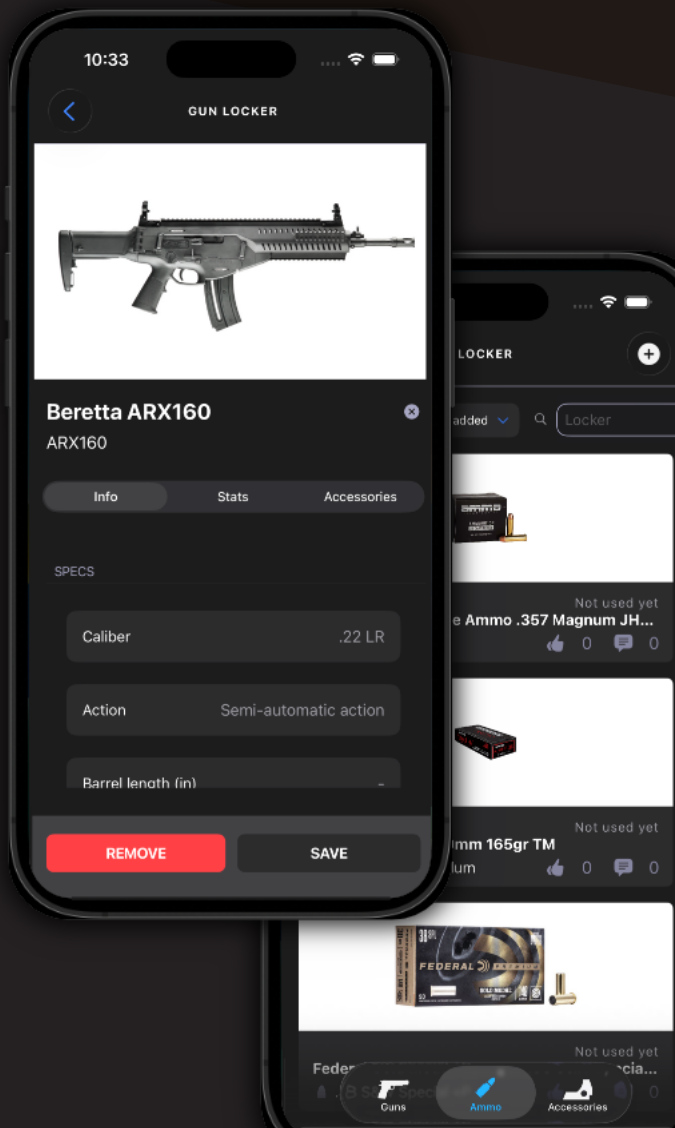

Carry your equipment inventory in your pocket.

Manage and organize:

- ✔ Firearms
- ✔ Optics
- ✔ Ammunition
- ✔ Magazines
- ✔ Accessories
- ✔ Custom equipment

Associate every training session with the exact equipment you used, making it easy to compare performance across different firearms and ammunition.

Your locker remains synchronized across both the mobile app and AccuShoot.com.

## Performance Analytics

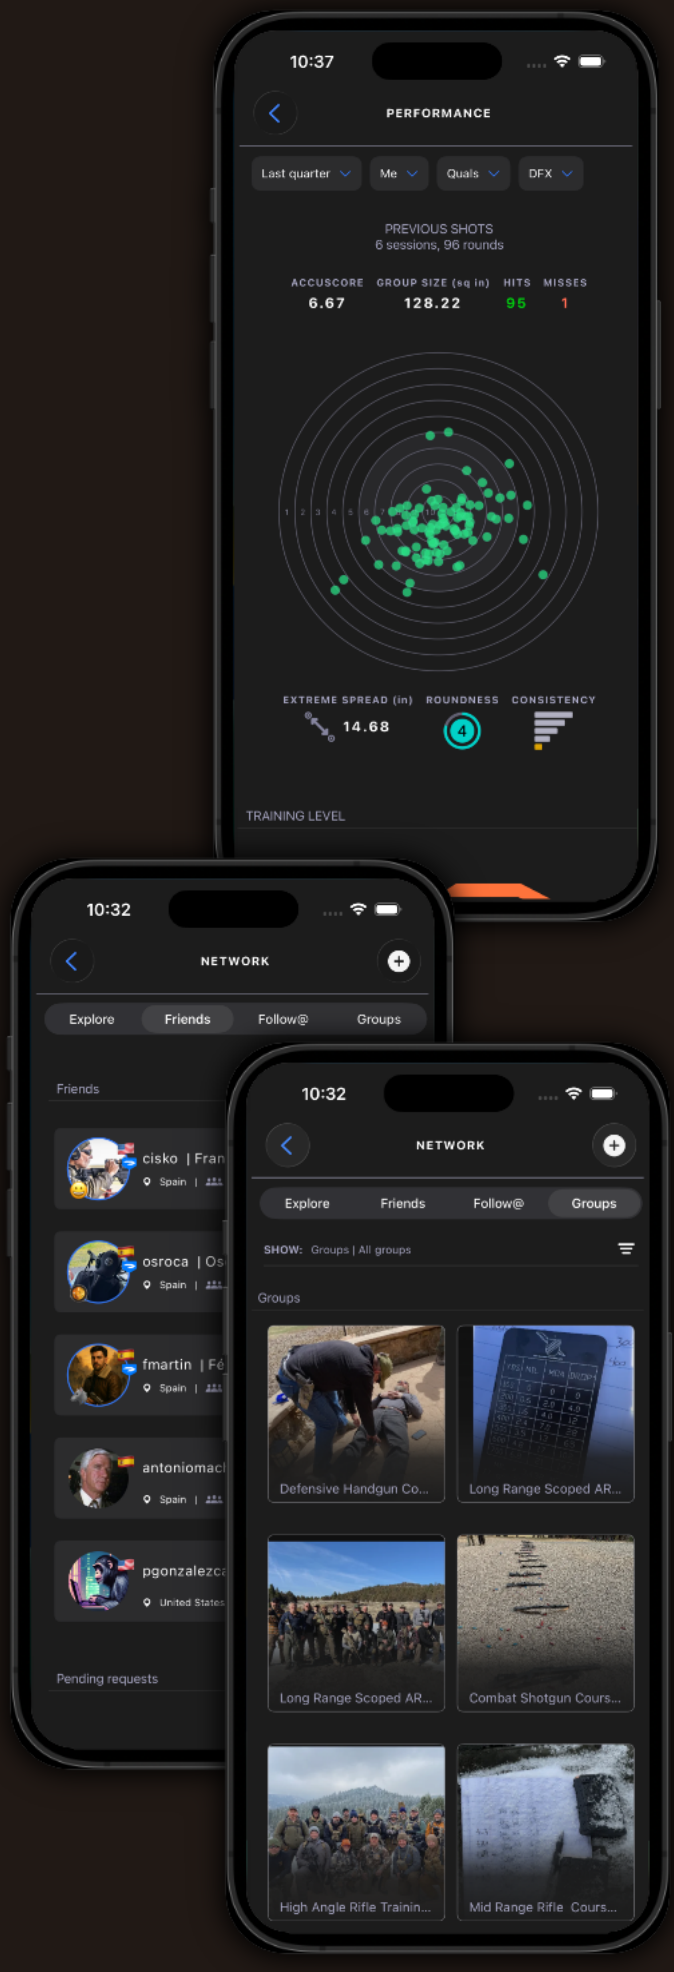

Understand your performance—not just your score.

The app lets you review:

- ✔ Shot groups
- ✔ Precision and consistency
- ✔ Historical trends
- ✔ Digital D.O.P.E.
- ✔ Session comparisons
- ✔ Performance progression

Your shooting history becomes a powerful source of actionable insights, helping you identify strengths, eliminate weaknesses, and train more effectively.

Your locker can remain completely private or be shared with others—you decide.

## Your Shooting Network

Training is more rewarding when it's shared.

Connect with:

- ✔ Friends
- ✔ Colleagues
- ✔ Instructors
- ✔ Clubs
- ✔ Teams
- ✔ Agencies

Share selected sessions, compare results, celebrate achievements, and learn from one another—all while maintaining complete control over your privacy settings.

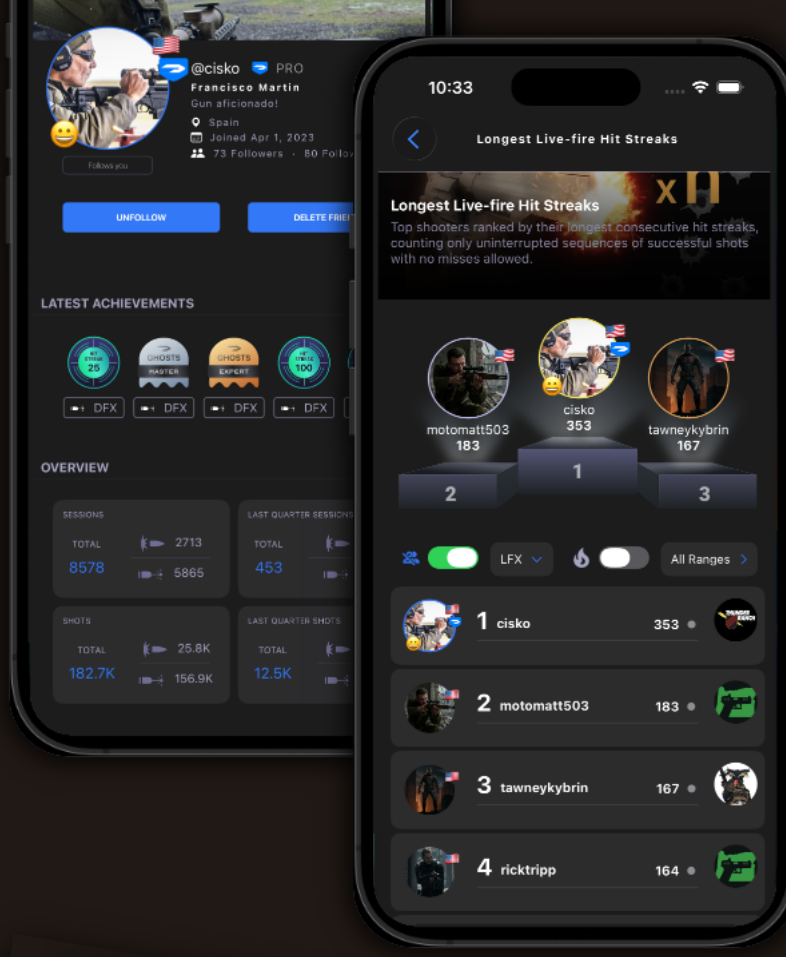

## Leaderboards & Achievements

See how you stack up.

Compete in supported drills and qualifications with shooters from around the world. Track:

- Personal bests
- Friends' rankings
- Club standings
- Global leaderboards
- Badges and achievements
- Long-term performance

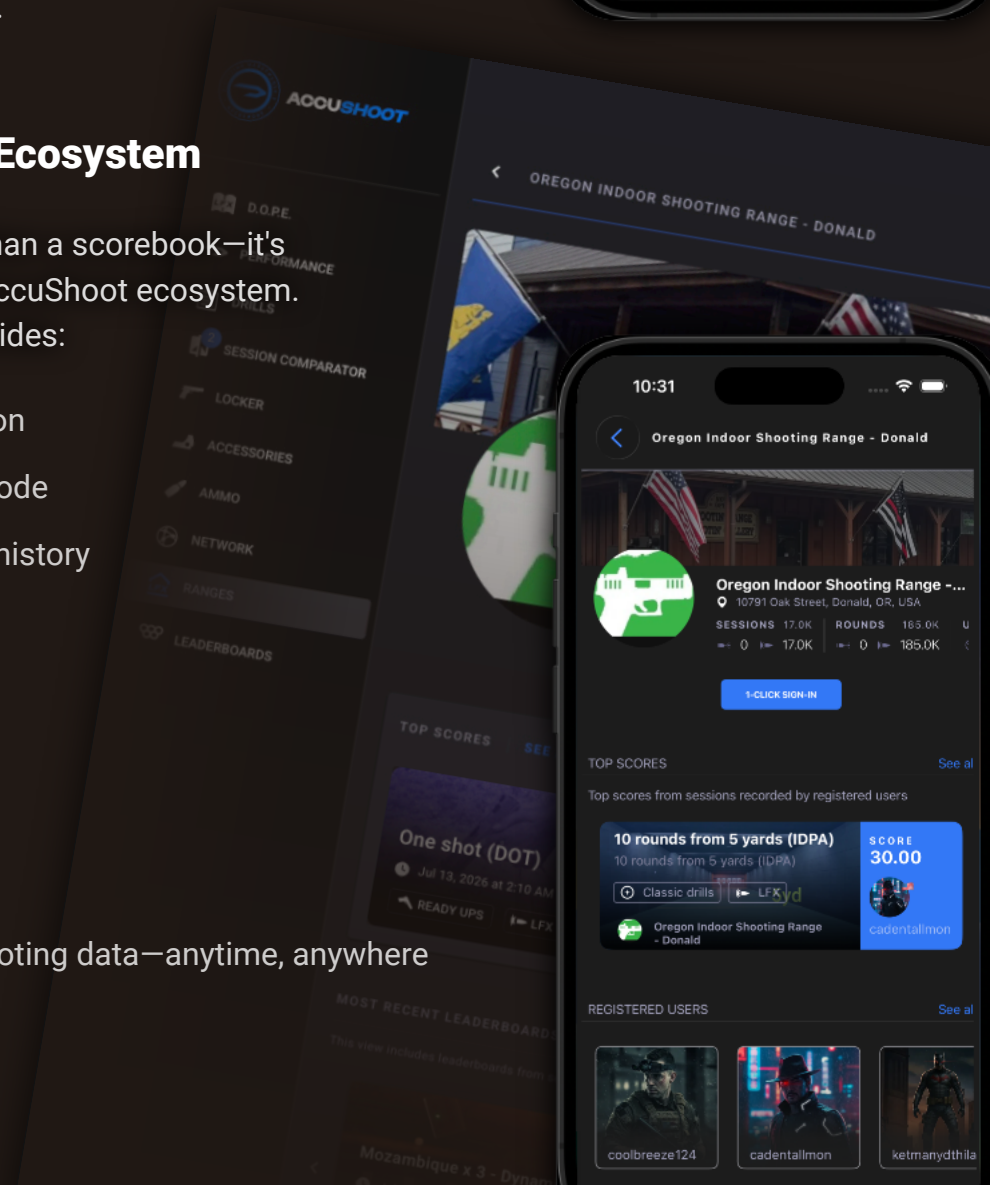

Friendly competition keeps motivation high and encourages continuous improvement.
